Village Trees and Verges Project.

The project has been progressing according to plan. The trees in front of the pond have been pollarded. Mary asked the council to note that there are two ash trees at the end of the line that before long will need a little bit of trimming away from the overhead wires. It was agreed that this could probably be done by Jim.

Roger?

It is hoped that the tidying of the bund and surrounding area will be done in July, by Carl Lowe, under the supervision of his father.
